

TRADE [®] FORCE

**STOCK
CATALOGUE**

**FEBRUARY
2026**

About us

TRADEFORCE designs and manufactures tools and safety equipment exclusively for professionals, giving them the confidence to take on any job, anywhere.

Quality Management

TradeForce is committed to equipping professional contractors with tools, safety equipment, and installation accessories of high quality and reliability, giving them the confidence to take on their work in all conditions.

Independent Third-Party Testing

TradeForce insulated tools are certified by internationally recognized organizations and carry certification marks such as GS and VDE.

Factory Validation Testing

Before reaching our customers, TradeForce insulated tools undergo rigorous testing, including hardness, torque under full operation, electrical, and tensile tests, ensuring optimal quality and performance.

In 2026, Sonepar Global Sourcing Europe continues to expand its European warehouse in Rotterdam to meet the growing demand for TradeForce SKUs across Europe. Many new ranges have already arrived at our DC, with many more to come — so take a look!

- Delivery Time: Reduced to 14 days.
- Minimum Order Quantity: Orders must be placed in multiples of master pack quantities.
- Availability: We aim for best-in-class availability, with a special focus on runners
- +65 new TradeForce items since September 2025
